

- Serving as bugler for the Burnie RSL since 2008;
- Co-ordinating a choir at Umina Park Aged Care; and
- Director and founder of Ignite – a small choir that produces extremely high quality performances

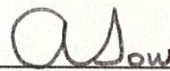

Natasha is currently a tutor at UTAS and also tutors private music students – all while studying her Masters of Teaching.

This is just a snapshot of Natasha’s contribution to the community. She inspires young people with her enthusiasm, and she quietly and gently encourages young band members to not only become the best musicians they can be, but strong confident and happy young people.

For her outstanding service to the Burnie community, Natasha is a most worthy recipient of the Young Citizen of the Year award.
